

---

**Vouchers** are a great way to get started on family history and just the thing if you want to dip into the records, now and then – and there are millions of records to choose from on the FindMyPast website! Just take a look at this list: GRO Births, Marriages and Deaths Indexes 1837–2006, all available census records for England & Wales (1841 to 1911), parish records for baptisms, marriages and burials dating from 1538, migration records including 24 million passenger list records, military records covering the First and Second World Wars, and plenty more!

A **FindMyPast** £5 voucher will buy 40 credits, valid for 90 days from the date it's activated. To view a page from the GRO Indexes costs just 1 credit (equivalent to 12½p), and a page from any of the 1841–1901 censuses is 3 credits (37½p). The 1911 census is more expensive, where a transcription of a household is 10 credits and the householder's return itself is 30 credits.

**Subscription Vouchers** may be just the thing if you need more time to explore, and they offer Full subscriptions to the FindMyPast site for 3 months or a full year. Note, though, that this excludes access to living relatives and decorative memorial scrolls. The subscription period begins on the date of activation of the voucher. We're pleased to be able to offer a small discount from the normal subscription rates. By the way – they make great gifts, if you need to give your loved-one a nudge!

**Payment** can be by cheque or postal order, made out in UK currency to 'Guild of One-Name Studies', or by debit or credit card (sorry – not American Express or Diner's Club). Please send the completed form, together with your payment to cover the amount due, to: The Guild Sales, 3 Swallow Close, Shefford, Bedfordshire, SG17 5YR, U.K. Orders are normally fulfilled within 2 working days and despatched by First Class mail (UK) or Airmail.
